1 Potential Ideas + Concerns

What ideas and concerns do you have about the PATH 400 Trail Extension that you would like the Consultant Team to be mindful of?

Comments?

2 Trail Facility Type Input

The PATH 400 Trail Extension is proposed as a 12' wide concrete, multi-use trail with a dashed/solid centerline.

Please place any comments below that you might have about the proposed trail facility.

Comments?

3A Trail Amenity Input

4B Trail Edge Condition Input

While location may dictate the type of edge condition that is required between the trail and the highway or roadway, below are various examples of how highway and roadway edge conditions were treated in the built section of PATH 400. Tell us which trail edge condition(s) you like the most by placing a dot on the preferred option.
