ATTEST:

## EXECUTIVE SUMMARY

# SANDY SPRINGS 

GEORGIA

June 1, 2022
Dear Mayor and City Council,
The proposed Fiscal Year (FY) 2023 Budget is submitted to the Sandy Springs City Council in compliance with State Law (O.C.G.A. § 36-81-2 et seq.). This budget was developed based on the priorities adopted by City Council in February 2022, including Customer Service and Citizen Engagement, Public Safety, Transportation Accessibility and Community Appearance, Recreational and Cultural Enrichment, Sustainable Growth and Environmental Stewardship, Economic Development and the North End, and Water Reliability.

The FY2023 Budget provides for the same millage rate of 4.731 mills as last year and maintains adequate reserves in the fund balance to ensure sound fiscal integrity of the City of Sandy Springs (City). The FY2023 Budget includes resources that will allow the City to provide a high level of public safety and general government services to the citizens of Sandy Springs. This proposed budget also provides capital funding to continue addressing a backlog of infrastructure needs.

The budget process included an assessment to determine the quality of services delivered and projected operational needs. The City Manager and Interim Finance Director met with departments to assess projected goals and to discuss resources needed to meet these goals. Guidance and direction were also obtained through City Council Budget Workshops. During these Budget Workshops, Council received briefings about economic conditions and short-term economic outlook, budget planning assumptions, public safety needs, operating department requests for resources, and capital programs.

Public hearings are scheduled to gain citizen input and enable all members of the City Council to better understand the needs of the entire community prior to budget adoption. The final budget is scheduled to be adopted by the City Council on June 21, 2022.

The proposed budgets for all operating, capital, and special revenue funds total $\$ 995,347,649$. The City's General Fund provides for general government operations of the City and maintains adequate working capital necessary for the City's financial health and stability. This fund accounts for most of Sandy Springs' operations and has a budget of $\$ 130,619,972$. The remaining funds include Confiscated Assets, Emergency 911, Tree Fund, Impact Fee Fund, Community Development Block Grant Fund, Hotel/Motel Tax Fund, Rental Motor Vehicle Excise Tax Fund, TSPLOST (2016) Fund, TSPLOST (2021) Fund, Capital Projects Fund, Public Facilities Authority Fund, Performing Arts Center Fund, Stormwater Management Fund, and Development Authority Fund. The Capital Project Fund, Public Facilities Authority Fund, and the Stormwater Fund (all capital construction funds) adopt project budgets where the adopted appropriations do not lapse at the end of a fiscal year; they remain in effect until project completion or re-appropriation by City Council.

The FY2023 General Fund Budget provides for $\$ 57,372,490$ for personnel and related benefits; $\$ 34,538,155$ for operations and equipment; $\$ 24,113,780$ for capital improvement programs; and

## SANDY SPRINGS

GEORGIA
$\$ 14,595,546$ towards debt service. All eligible City employees may receive a $5 \%$ salary increase and are eligible for an additional bonus based on job performance if they meet certain standards.

The City's goal is to adopt an operating budget where current revenues equal anticipated expenditures. All departments supported by the resources of the City must function within the limits of the financial resources identified or available specifically to them. Budgets cannot exceed available resources, defined as revenues generated in the current period added to balances carried forward from prior years.

The budget is a dynamic rather than static plan, which allows for adjustments and amendments as circumstances change. The City Council must approve all increases in total fund appropriations. Amounts in this budget may be reallocated within funds by approval of the City Manager as long as the total budgeted amounts do not exceed these appropriations by fund. Department Heads submit budget amendment requests transferring appropriations from one line item to another within the specific department appropriation with approval by the Finance Director and the City Manager.

Under the City's adopted financial policies, the City's fund balance is maintained at or above $\$ 20.5$ million, or $25 \%$ of operating expenditures. The purpose of fund balance is to provide adequate cash flow, to cover the cost of expenditures caused by unforeseen emergencies, to cover shortfalls caused by revenue declines, and to eliminate any short-term borrowing for cash flow purposes.

The FY2023 Budget was developed with the following objectives:

- Continue to enhance Public Safety capabilities
- Ensure financial stability
- Address capital needs that exist citywide by investing in transportation, parks, and facilities
- Continue to leverage the flexibility of the public private partnership model by scaling resources to meet projected demand for services

The focus of the FY2023 Budget is to provide excellent services to our citizens and business customers and to continue to allocate significant resources dedicated to improving the City's quality of life.

## Confiscated Assets Fund

This fund is used to account for amounts seized by the police department from narcotics arrests in conjunction with other state and federal agencies. These funds are used by the police department to augment their general fund budget and can only be spent on law enforcement programs or activities. Generally, seizures can vary greatly from one year to the next and are not easily budgeted. However, using conservative figures for incoming funding plus the amounts that have remained unspent from previous years, the FY2023 budget has been set at $\$ 184,500$.

## SANDY SPRINGS

GEORGIA

## E-911 Fund

This fund accounts for the revenues received from the 911 surcharge on telephone bills. The City participates in a joint venture with the City of Johns Creek for E-911 operations. All taxes collected in this fund are dedicated to a separate operating authority - Chattahoochee River 911 Authority. The amount estimated for the FY2023 budget is $\$ 3,000,000$.

## Tree Fund

This fund accounts for revenues received from development that reduces tree canopy below mandated minimums. All revenues collected in this fund are used to enhance tree canopy on Right of Way and in public parks. The amount estimated to be spent for the FY2023 budget has been set for \$559,099.

## Impact Fee Fund

Impact fees are amounts assessed on construction development projects to offset the anticipated cost of additional infrastructure needed as a result of the new development. These funds, although collected in this fund, are dedicated to capital projects, which are accounted for in the Capital Projects Fund. The amount expected to be collected in the FY2023 budget is $\$ 1,275,000$.

## Community Development Block Grant (CDBG) Fund

The CDBG Fund is used to account for funds received through an entitlement award as a result of federal congressional appropriations. The City's adopted plan directs that the awards be used for construction of infrastructure (primarily sidewalks) in the City. The City recently participated in the Section 108 Loan program in order to advance larger projects. The Total FY2023 budget is $\$ 1,756,541$.

## Hotel/Motel Fund

The room taxes imposed upon hotels and motels located within the City are accounted for in this fund. A portion of these funds can be retained by the City and a portion is expended for a narrow range of projects and activities established by State Law (O.C.G.A. § 48-13-51). These funds are currently distributed as follows: the City General Fund - 28.56\%, the Sandy Springs Hospitality Board - 32.14\%, and the City General Fund for benefit of the City Springs Performing Arts Center - 39.30\%. The anticipated taxes budgeted for FY 2023 is $\$ 3,500,000$.

## Rental Motor Vehicle Excise Tax Fund

The excise taxes levied upon each rental charge collected by any rental motor vehicle concern located within the City are accounted for in this fund (O.C.G.A. § 48-13-93). The anticipated taxes budgeted for FY2023 is $\$ 75,000$.

## TSPLOST (2016) Projects Fund

This fund accounts for all capital projects under the Transportation Special Purpose Local Option Sales Tax approved by referendum in November 2016. Funds are derived from the collections to be received through March 31, 2022. The appropriations in this fund do not lapse at year-end, but rather, unspent amounts are carried forward to future periods until the individual projects are completed. The total added funding for this fund in the FY2O23 budget is $\$ 102,851,298$.

## TSPLOST (2021) Projects Fund

This fund accounts for all capital projects under the Transportation Special Purpose Local Option Sales Tax approved by referendum in November 2021. Funds are derived from the collections to be received through March 31, 2027. The appropriations in this fund do not lapse at year-end, but rather, unspent amounts are carried forward to future periods until the individual projects are completed. The total added funding for this fund in the FY2023 budget is $\$ 114,680,913$.

## Capital Projects Fund

This fund accounts for all facilities, parks, and infrastructure construction in the City. Funds are derived from contributions from the General Fund as well as other grants and funding sources. The appropriations in this fund do not lapse at year-end, but rather, unspent amounts are carried forward to future periods until the individual projects are completed. The FY2023 budget for this fund is \$84,564,505.

## Public Facilities Authority Fund

This fund accounts for major capital construction projects and their resulting debt service, including City Springs, a new Public Safety Complex (Police Headquarters and Municipal Court Complex), Fire Station \#2, Fire Station \#5, additions to Fire Station \#3, Fleet Maintenance Center, and contingency. Funds are derived from contributions from the General Fund, bond proceeds, the sale of City assets, and other funding sources. The appropriations in this fund do not lapse at year-end, but rather, unspent amounts are carried forward to future periods. The current construction budget is $\$ 542,560,874$. The operations appropriations for the City Springs and other projects, which includes debt service related to the bond issuance for the projects, will continue once construction is complete. The total funding for debt service in the FY2O23 budget is $\$ 12,620,739$.

## Performing Arts Center Fund

This fund is used to account for activities, staffing, and operations within the City Springs Performing Arts Center. These funds are currently used to operate the performing arts center and are estimated for the FY2O23 budget at $\$ 7,297,147$.

## SANDY SPRINGS

## GEORGIA

## Stormwater Maintenance Fund

This fund accounts for construction projects related to stormwater infrastructure improvements. Currently, the General Fund is the sole source of revenues for this fund. The FY2023 budget for this fund is $\$ 2,240,100$.

## Development Authority Fund

This fund accounts for revenues and expenditures related to ongoing development projects within the City. The FY2023 budget for this fund is $\$ 185,200$.

The City of Sandy Springs FY2023 Budget is the culmination of the City's Priority Driven Programming process that reflects Council's established priorities and significant citizen engagement and feedback throughout the previous fiscal year. This budget provides the needed resources to services and projects that meet the needs of citizens now and in the future.

Finally, our sincere appreciation should be expressed to the staff and department heads for the amount of work and effort expended in this process under tremendous time pressures.

Respectfully Submitted,

City Manager

## MISSION STATEMENT

The Sandy Springs Mayor and City Council are dedicated to providing exceptional customer service for our citizens and focusing our resources on Public Safety, Transportation Accessibility and Community Appearance, Recreational and Cultural Enrichment, Water Reliability, Sustainable Growth and Environmental Stewardship, and Economic Development and the North End.

## CITY OF SANDY SPRINGS GOALS

- Maintain a high level of customer service for all residents.
- Enforce building codes that maintain a healthy, balanced, and stable tax base by maintaining quality residential and commercial growth and community appearance.
- Prevent crime and enforce the law through problem-solving partnerships and provide the highest level of fire and emergency services with highly trained, caring personnel.
- Invest our resources to improve and maintain roads, bridges, sidewalks, traffic management, and stormwater infrastructure for the betterment of the community.
- Invest our resources to improve and expand our parks and recreation facilities for the enjoyment of the residents of Sandy Springs.

## INTRODUCTION

THE BUDGET BOOK
For easy comprehension, the budget document is divided into two sections: Introduction and Fund Budgets.

- The Introduction contains the budget message, budget calendar, the City's Financial Policies, as well as financial summaries of revenues and expenses for all funds.
- The Fund Budgets section includes an analysis that helps explain the revenue projections for the General Fund and the normal ongoing expenses of the funds, including personal services,
operating, and capital. This section also provides a history of expenses for each division or accounting entity since FY 2020.

## THE BUDGET PROCESS

Since the City's incorporation in 2005, one of our chief goals has been to provide the citizens of Sandy Springs with quality services. Preparation of the 2023 Annual Budget began with each department receiving a budget preparation package. This package included preparation instructions, the budget preparation calendar, and specific account information necessary to complete their FY2023 budget requests.

The Annual Budget is the fiscal plan that presents the services that will be provided to the community and the funds needed to perform these services. The type of service and the level of service are defined by the use of program objectives, which should be further defined by performance measures. The City Manager is responsible for formulating the fiscal plan and presenting it to the Mayor and City Council for approval and adoption.

Public meetings throughout the budget process are considered to be an essential part of the budget process as they are designed to solicit feedback from the public on the City's operations and services. In accordance with continuing efforts to apprise the public of city activities, the Adopted 2023 Budget is made available for review by all interested persons at the City Clerk's Office and on the City's website.

## THE BUDGET CALENDAR

## BASIS OF PRESENTATION

As a means of tracking and accounting for money, the operations of the City are divided into funds. The easiest way for most people to think about funds is to compare them to bank accounts. Money comes into a fund from a variety of sources and is then used to provide services to the public. Within funds are functions (i.e., General Services, Administrative Services, Transportation, Public Safety, Planning and Development, and Public Works) and within functions are cost centers (departments).

Each of these accounting units facilitates the tracking of costs and the effectiveness of services provided to the public. Within cost centers are accounts or line items. These are the basic units of measurement in the budget and make it possible to determine the costs of specific programs. The budget document provides information in an easy-to-read summary form.

As with a personal bank account, funds have to take in at least as much money as they spend and by law, the budget for funds must be balanced. What this means is that a governmental unit cannot plan to spend more than it will take in. The City of Sandy Springs has multiple funds with the largest being the "General Fund." Most city services are accounted for in this fund and it is where most revenues are received.

Each fund is accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. The following are the City's fund types and definitions.

## General Funds

The General Fund is used to account for resources of the City of Sandy Springs which are not required to be accounted for in other funds. The modified accrual basis of accounting is applied.

## Special Revenue Funds

Special Revenue Funds are established in the City of Sandy Springs pursuant to state statutes or local ordinances in order to segregate resources that are designated to be used for specified purposes. Both revenues and expenditures are budgeted in compliance with established procedures. The modified accrual basis of accounting is applied. Following is a list of all special revenue funds included in this report:

- Performing Arts Center Fund is a fund to account for the revenues for activities and expenditures related to the operations of the Performing Arts Center.
- Confiscated Assets Fund is a fund to account for confiscated cash seizures by City of Sandy Springs law enforcement from drug-related crimes which can be spent for law enforcement purposes permissible by the U.S. Department of Justice.
- Emergency Telephone System Fund is a fund to finance the operation and maintenance of the Emergency 911 system within the City.
- Tree Fund is a fund to account for revenues received from development that reduces tree canopy below mandated minimums to be used for tree planting projects approved by City Council.
- Community Development Block Grant Fund is a fund to account for funds received through an entitlement award as a result of federal congressional appropriations.
- Hotel/Motel Tax Fund is a fund to finance tourism and marketing programs within the City.
- Rental Motor Vehicle Excise Tax Fund is a fund to account for the excise taxes levied upon each rental charge collected by any rental motor vehicle concern located within the City per O.C.G.A. § 48-13-93.

## Capital Projects Funds

The Capital Projects Fund is established in the City of Sandy Springs to account for financial resources to be used for the acquisition or construction of major capital facilities. Both revenues and expenditures are budgeted in compliance with established procedures. The modified accrual basis of accounting is applied. Other Capital Project funds include:

- TSPLOST (2016) Fund is a fund to account for taxes collected for the Transportation Special Purpose Local Option Sales Tax approved by referendum in November 2016 to account for transportation projects within the City.
- TSPLOST (2021) Fund is a fund to account for taxes collected for the Transportation Special Purpose Local Option Sales Tax approved by referendum in November 2021 to account for transportation projects within the City.
- Impact Fee Fund is a fund to account for monies collected from new development based on that development's fair share of the cost to provide additional facilities and services.
- Public Facilities Authority Fund is a fund to account for the City Springs project and other Public Facilities Authority expenditures. Funds are derived from contributions from the General Fund, bond proceeds, the sale of City assets and other funding sources.
- Stormwater Management Fund is a fund to account for appropriations to improve the City's stormwater management system.
- Development Authority Fund is a fund to account for revenues and expenditures of the Sandy Springs Development Authority.

## BASIS OF ACCOUNTING AND BUDGETING

For the most part, governmental accounting and financial reporting are conducted consistent with "Generally Accepted Accounting Principles" -- commonly referred to as "GAAP."

Financial readers are typically familiar with a concept known as the "basis of accounting," which describes the measurement method used in accounting for financial transactions. Examples include cash accounting, modified accrual accounting, or accrual accounting. The City of Sandy Springs uses a GAAP basis of accounting. Governmental funds reflect a modified accrual basis of accounting.

Revenues are recorded when they become both measurable and available to pay liabilities of the current period. Expenditures are recorded when a liability is incurred with certain limitations. Proprietary funds use an accrual basis of accounting that is more similar to that used by private businesses. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. At the end of each year, all budget appropriations lapse along with outstanding encumbrances. Funds may be reappropriated in the subsequent fiscal year after review by the Finance Director and the City Manager and approval by the Mayor and City Council.

There is no requirement that the City budget is prepared consistent with GAAP. However, the comparison of the (final) budget to actual revenues and expenditures in a subsequent Comprehensive Annual Financial Report (CAFR) requires a reconciliation of the budget to GAAP. Therefore, the City budget is prepared, for the most part, to be consistent with GAAP to minimize the degree of reconciliation needed to compare the budget to actual. How the budget is prepared is labeled either the "basis of budgeting" or the "budgetary basis of accounting." These terms can be used interchangeably. Several key differences should be disclosed to assist in reconciling between the basis of budgeting used to develop the City's budget documents, and the basis of accounting that is reflected in the City's CAFR prepared by the Finance Director.

The adopted budget reflects a management plan for financial activity. It is subsequently revised during the year to reflect revisions in that plan such as increases or decreases in specific grants awarded to the City, the appropriation of contingency reserves by the City Council to address issues not known at the time the budget was adopted and shifts in funding based on capital projects needs as project costs are refined. As such, the revisions recognize the need to revise a financial plan to be consistent with newer and better information and to allow the management plan to change accordingly.

Under GASB 34, the CAFR reflects both the adopted budget and the final revised budget which includes amendments that occur after the completion of the fiscal year as final transactions are posted to the fiscal year on a modified accrual or accrual accounting basis. These final amendments reflect proper recording of financial activity rather than a change in management plan. Budget documents, therefore, typically disclose historical actuals - both actual revenues and other sources and actual expenditures and other uses - rather than revised budgets that may not truly reflect the management plan. The budget presents organizational summaries without differentiating the level of control the City Council may exercise over individual organizations.

From time to time, new financial reporting requirements may be imposed on governments by the Governmental Accounting Standards Board (GASB) which redefines what is referred to as GAAP. The accounting/reporting changes may not be reflected in the budget, resulting in a greater difference between the budget and what is ultimately reported in the CAFR.

## HISTORY OF SANDY SPRINGS

The area north of Atlanta, Georgia, known as Sandy Springs, was named for actual springs currently protected for historical significance. The region known as Sandy Springs dates to 400 A.D. and developed as a crossroads of the Itawa/Hightower/Shallowford Trail and another unnamed trail that followed the route of present-day Mount Paran Road and Glenridge Drive. This area was initially traveled by buffalo, Native Americans, and then British traders later becoming a major migration trail for Colonial Europeans. The freshwater springs which bubbled from the sandy ground and sustained life for the earliest inhabitants are today located on Sandy Springs Circle.

The City of Sandy Springs is one of the newest cities in the State of Georgia and operates in a CouncilManager form of government. Incorporated on December 1, 2005, after a 30-year struggle, the City has made dramatic strides in providing effective and efficient services to residents. Efforts to incorporate the City of Sandy Springs began in 1966 in response to an attempt to annex the land that is now Sandy Springs into the City of Atlanta. At that time, residents in Sandy Springs relied upon a large, unwieldy county government for the provision of services, which were often non-existent. Sandy Springs continued to operate as an unincorporated area of Fulton County until June 2005, when an overwhelming 94\% of residents voted for incorporation. In November 2005, Eva Galambos was easily elected to be the first Mayor of the new City of Sandy Springs.

Sandy Springs is a demographically diverse community and covers a 38-square-mile area in north Fulton County, Georgia. Sandy Springs is the second-largest city in the metropolitan Atlanta area and is the seventh-largest city in the State of Georgia. The City is home to more than $40 \%$ of the available hospital beds in the metropolitan Atlanta area and is proud to be the home of Northside Hospital, Saint Joseph's Hospital, and Children's Healthcare of Atlanta. According to the 2020 U.S. Census, the population in Sandy Springs is 108,080 . The City's daytime population swells to more than 200,000 due to the heavy concentration of corporations and businesses which are located within the City. Of the Fortune 500 companies headquartered in the metro area, six are located within Sandy Springs, and two Fortune 1000 companies are located here: United Parcel Service (UPS) (34), WestRock (192), Newell Brands (348), Intercontinental Exchange (384), Graphic Packaging Holding (466), Veritiv (477), Americold Realty Trust (893), and Beazer Homes USA (992).

Budget: A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. Used without any modifier, the term usually indicates a financial plan for a single year. It is usually necessary to specify whether the budget under consideration is preliminary and tentative or whether it has been approved by the appropriating body.

Budget Amendment: A change in an amount in any budget line during the fiscal year.
Budget Calendar: The schedule of key dates that the City follows in the preparation, adoption and administration of the budget.

Budget Document: The instrument used by the budget-making authority to present a comprehensive financial program to the appropriating body. The budget document usually consists of two parts. The first part contains a message from the budget-making authority, together with a summary of proposed expenditures and the means of financing them. The second consists of schedules supporting the summary. These schedules show in detail the information as to the past years actual revenues, expenditures and other data used in making the estimates. In addition to the budget document, an appropriation ordinance will be necessary to put the budget into effect.

Budget Message: A general discussion of the proposed budget presented in writing to the budget-making authority to the legislative body. The budget message should contain an explanation of the principal budget items, an outline of the City experience during the past period and its financial status at the time of the message, and recommendations regarding the financial policy for the coming period.

Budget Resolution or Ordinance: The official enactment by the City Council authorizing the appropriation of revenues for specified purposes, functions, or activities during the fiscal year.

Budgetary Accounts: Accounts used to enter the formally adopted annual operating budget into the general ledger as part of the management control technique of formal budgetary integration.

Budgetary Control: The control or management of the City in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues.

Capital Assets: Property and equipment with a unit value of \$10,000 or more an estimated useful life of three years or more. Capital Assets can also be referred to as Fixed Assets.

Capital Budget: A financial plan of proposed capital expenditures and the means of financing them.

## SANDY SPRINGS

georgia

Capital Contingency: A governmental account used to account for the financial resources used for the acquisition and construction of major capital items and facilities.

Capital Improvement Program (CIP): A plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs arising from the long-term work program or otherwise. It sets forth each project or other contemplated expenditure in which the City is to have a part and specifies the full resources estimated to be available to finance the projected expenditures.

Capital Outlay: An expenditure for the acquisition of, or addition to, a fixed asset.
Capital Projects Fund: A fund created to account for financial resources to be used for the acquisition or construction of major capital facilities.

Cash Flow: A schedule reflecting projected cash receipts and disbursements to aid in determining seasonal and long-term borrowing needs and investment policy.

Continuing Appropriations: An appropriation that once established is automatically renewed without further legislative action, period after period, until altered, revoked or expended.

Debt Limit: The maximum amount of gross or net debt that is legally permitted.
Debt Service: Expenditure providing for the repayment of principal and interest on City longterm obligations.

Depreciation: Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy or obsolescence.

Deficit: The excess of expenditures over revenues during an accounting period.
Disbursement: Funds paid out for goods or services received which results in a decrease in net financial resources; also referred to as an expenditure.

Double Entry: A system of bookkeeping that requires an entry to the debit side of an account or accounts for the corresponding amount or amounts of the entry to the credit side of another account or accounts.

Emergency Services: A division of the General Fund to account for the operation of the City ambulance service and contributions to the City Emergency 911 system.

## SANDY SPRINGS

georgia

Encumbrance: Commitments for unperformed contracts for goods or services.
Enterprise Fund: A fund established to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs of providing goods or services to the public on a continuing basis be financed or recovered primarily through user charges.

Expenditures: Decreases in net current assets. Expenditures include debt service, capital outlays, and those current-operating costs that require the use of current assets. The difference between expenditure and an expense is a difference in what is being measured. Expenditures measure current outlays, while expenses measure total costs.

Expenses: Decreases in net total assets. Expenses represent the total cost of operations during a period regardless of the timing of the related expenditures.

Fines and Forfeitures: Revenue received from bond forfeitures and authorized fines such as traffic violation fines.

Fiscal Year: A 12-month period to which the annual operating budget applies and at the end of which the City determines its financial position and results of its operations. The City's fiscal year begins on July 1 and ends on June 30.

Fixed Assets: Assets that are intended to be held or used for a long term, such as land, buildings, improvements, machinery and equipment. In common usage, the term refers only to operating facilities and equipment, not to long-term investments and other non-current assets.

Fringe Benefits: Payments made by the City to cover pensions, health insurance, life insurance, Medicare tax, worker's compensation and other benefits to City employees.

Fund: A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

Fund Balance: The fund equity of the City's governmental funds and trust funds.
Generally Accepted Accounting Principles (GAAP): Uniform minimum standards and guidelines for financial accounting and reporting. They govern the form and content of

[^2]

georgia
financial statements of an entity. GAAP encompass the conventions, rules and procedures necessary to define accepted accounting practice at a particular time. They include not only broad guidelines of general application, but also detailed practices and procedures. GAAP provide a standard by which to measure financial presentations. The primary authoritative body on the application of GAAP to state and local governments is the Governmental Accounting Standards Board (GASB).

Governmental Account Standards Board (GASB): The authoritative accounting and financial reporting standard-setting body for government entities.

GASB 34: Passed by the Governmental Standard's Board in June 1999, this statement establishes a new framework for the financial reports of state and local governments. This new financial reporting model represents the biggest single change in the history of governmental accounting and financial reporting.

General Fund: The fund used to account for all financial resources except those required to be accounted for in another fund.

General Obligation Bonds: Method of raising funds for long-term capital financing. The State of Georgia requires approval by referendum and the debt ceiling is ten percent of the assessed value of all taxable property.

General Property Taxes: Taxes levied on all property located in or owned by the citizens of the City.

Goals: Broad aims of the City and/or departments toward which programs, projects and services are directed.

Governmental Fund Types: Funds used to account for the acquisition, use and balances of expendable financial resources and the related current liabilities - except those accounted for in proprietary funds and fiduciary funds. The measurement focus in these fund types is on the determination of financial position rather than on net income determination. Under current GAAP, there are four governmental fund types: general, special revenue, debt service and capital projects.

Grants: External contributions or gifts of cash or other assets to be used or expended for a specified purpose, activity, or facility.

## SANDY SPRINGS

GEORGIA

Homestead Exemption: A tax relief whereby state law permits local governments to exempt a fixed dollar amount of the appraised value of the qualifying residential property from taxation.

Infrastructure: The basic facilities, equipment, and installations needed for the function of a system or organization (e.g. roads, bridges, water/sewer lines, public buildings).

Insurance Premium Tax: A tax on insurance to finance various departments of the General Fund.

Intangible Property: A category of personal property that includes stocks, taxable bonds and cash.

Interfund Transfers: Interfund transfers are a type of interfund transaction. There are two types of interfund transfers: Residual Equity Transfers and Operating Transfers. Both types involve the permanent movement of resources between funds. For any one transaction, the transfer-in and the transfer-out must be classified in the same way, so that the total operating transfers-in for the entire city equal the total transfers-out and the total residual equity transfers-in equal the total residual equity transfers-out.

Intergovernmental Revenues: Revenues from other governments in the form of grants, entitlements, shared revenues, or payments in lieu of taxes.

Internal Service Fund: A proprietary fund used to account for the financing of goods or services provided by one department or agency to other departments or agencies of a government, or to other governments, on a cost-reimbursement basis.

LARP: Landscape Architecture and Regional Planning
LGIP: Local Government Investment Pool.
Liabilities: Debt or other legal obligations arising out of transactions in the past that must be liquidated, renewed or refunded at some future date. This term does not include encumbrances.

Licenses \& Permits: Fees collected for the issuance of licenses and permits such as business licenses, building and sign permits.

## SANDY SPRINGS

georgia

Local Option Sales Tax (LOST): A sales tax imposed in the city for a predetermined period. A LOST must be approved by the citizens of the city through a majority vote.

Long-Term Debt: Debt with a maturity of more than one year after the date of issuance.
Millage Rate: The property tax rate which is set by the City Council.
Miscellaneous Revenue: All revenue received not otherwise classified into line item.
Mission Statement: Statement of what the City does and why and for whom it does it. A statement of purpose. Also applies to departments within the City.

Modified Accrual Basis: The accrual basis of accounting adapted to the governmental fund type spending measurement focus. Under it, revenues are recognized when they become both measurable and available to finance expenditures of the current period. Expenditures are recognized when the related fund liability in incurred except for: (1) prepaid insurance and similar items which need not be reported; (2) accumulated unpaid vacation, sick pay, and other employee benefit amounts which need not be recognized in the current period, but for which larger-than-normal accumulations must be disclosed in the notes to the financial statements; and (3) principal and interest on long-term debt which are generally recognized when due. All governmental funds and expendable trust funds are accounted for using the modified accrual basis of accounting.

Motor Vehicle Tax: Taxes levied on vehicles designed primarily for use upon public roads.
Official Code of Georgia Annotated (OCGA): Georgia Law as enacted by the Georgia Legislature.

Open Records Act: A legislative act that authorizes public access to certain records classified as public information.

Operating Budget: The portion of the City budget pertaining to daily operations that provide basic services. The operating budget contains appropriations for such expenditures as salaries, fringe benefits, commodities, goods and services.

Operating Expenditures: Costs associated with the non-capitalized materials and services required in the daily operation of service delivery such as office supplies, maintenance supplies, professional services, and rental fees.

## SANDY SPRINGS

GEORGIA

Operating Services: Expenditures for goods and services that primarily benefit the current period and are not defined as capital or personal services.

Operating Transfers: Interfund transfers that are often the interfund equivalent of operating subsidies. As such, their purpose is to support the normal level of operations in the recipient fund.
Ordinance: See "Budget Resolution or Ordinance"
Other Financing Sources: Non-operating revenue received used to assist with city operations such as insurance recoveries, gift/donations, and the sale of surplus fixed assets.

Other Taxes: Taxes collected as authorized by Georgia Law or City Ordinance such as sales tax, alcohol tax, and hotel-motel tax.

Penalties \& Interest: Fees collected for violations or delinquent payments.
Personal Property: Mobile property not attached to real estate, including tangible property (furniture, equipment, inventory, and vehicles) and intangible property (stocks, taxable bonds, and cash).

Personal Services: Expenses for salaries, wages, overtime, standby pay, worker's compensation, health/life insurance, and retirement employee benefits.

Proprietary Fund Types: Sometimes referred to as income determination or commercial-type funds, the classification is used to account for a government's ongoing organizations and activities that are similar to those often in the private sector.

Real Property: Immobile property such as land, natural resources above and below the ground, and fixed improvements to land.

Reserves: Appropriations of funds set aside to cover unanticipated or contingent expenses, shortfalls in revenues and special trusts.

Residual Equity Transfers: Interfund transfers which are nonrecurring or non-routine transfers of equity between funds.

Resolution: See "Budget Resolution or Ordinance"

## SANDY SPRINGS

GEORGIA

Revenues: (1) Increases in governmental fund type net current assets other than expenditure refunds and residual equity transfers. (2) Increases in proprietary fund type net total assets from sources other than expense refunds, capital contributions, and residual equity transfers.

Request for Proposal (RFP): Document requesting vendors to respond with a proposal for a specific project or service outlined in the request.

Special Revenue Fund: A fund used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for a specific purpose.

Tangible Property: Category of personal property that has physical form and substance such as furniture, equipment, and inventory.

Tax Digest: A listing of property owners within the city, an assessed value for each property, and the amount of taxes due on that property.

Tax Exemption: Immunity from the obligation of paying taxes in whole or in part.
Taxes: Compulsory charges levied by a government for the purpose of financing services performed for the common benefit. This term does not include specific charges made against particular persons or property for assessments. Neither does the term include charges for services rendered only to those who pay, for example, sewer service charges.

Transportation Special Purpose Local Option Sales Tax (TSPLOST): A sales tax imposed in the city for a predetermined period, specifically used for transportation projects. TSPLOST must be approved by the citizens of the city through a majority vote.

Unencumbered Appropriation: That portion of an appropriation not yet expended or encumbered.

SANDY SPRINGS"
GEORGIA

## FY 2023 Budget Calendar

| Date | Item |
| :--- | :--- |
| March - April | Departmental Budget Meetings / Finance Review Phase |
| April - May | Senior Management / Mayor Review Phase |
| May 3 | Budget Workshop 1 |
| May 17 | Budget Workshop 2 |
| May 24 | City Council Proposed Budget Presentation |
| June 7, 6:00 PM | First Public Hearing and Budget Workshop |
| June 21,6:00 PM | Final Public Hearing and Budget Adoption |

## Workshop Goals

- Receive feedback and direction from City Council as we develop the FY 2023 Budget
- Review and validate FY 2023 budget planning assumptions
- Understand Public Safety, General Government Services, and Facilities priorities as part of the City's service delivery and capital programs.

## Budget Principles

- Conservatively determine revenue and expenses.
- Solid estimating effectively neutralizes pressures to inflate revenue estimates to cope with budgeting pressures.
- Do not use one-time revenue sources for ongoing expenses.
- When a non-recurring source of revenue is used to fund an ongoing expense, an "automatic unfunded increase" is built into the budget for the following year.

## Workshop 1 Questions

## Old Riverside Park

- An early conceptual plan was developed in 2015. Cost estimates for this concept were updated early 2020, totaling \$2.8M
- Considering current market conditions, this cost estimate now approaches \$3.8-4M
- Currently reviewing the original conceptual plan and re-engaging the community to develop an updated concept and associated cost estimate

## Budget Principles

- Conservatively determine revenue and expenses
- Solid estimating effectively neutralizes pressures to inflate revenue estimates to cope with budgeting pressures
- Do not use on-time revenue sources for ongoing expenses
- When a non-recurring source of revenue is used to fun an ongoing expense, an "automatic unfunded increase" is built into the budget for the following year.

## Questions from Workshop 3

- Why do we show the full value of previously completed projects in the Public Facilities Authority Fund?
- Auditor has advised that as a multi-year fund with project linked budgets, we must show the cumulative amounts in the budget; since debt service will continue, City Springs project will remain until satisfied.
- Can Tree Fund dollars be used for personnel?
- City Attorney's Office has opined that the funds are to be used for the purposes of replacing tree canopy or canopy preservation, and that the ordinance does not limit use of funds to the purchase of trees.
- Can we participate in fuel hedging?
- We continue to research options, but preliminary indications are that our consumption volume is too small compared to amounts required.

## Questions from Workshop 3

- When did we adopt the Five-Year CIP?
- As part of the FY2022 Budget. However, it is a planning document only and the amounts that were specified for the FY2022 project allocations are the only amounts that were included in the ordinance adopting the FY2022 Budget.
- Do we have information on SB 361 - Law Enforcement Strategic Support Act?
- Law takes effect on July 1, 2022 and is applicable to tax years beginning on or after January 1, 2023. Places a limit on deductions at $\$ 3$ million/calendar year for qualified law enforcement foundations.
