### Maintenance/Landscaping

- This week contractor planted 272 'George Tabor' azaleas at Mayor Galambos Memorial Interchange at GA 400 and Northridge along the north-east quadrant, where the pine trees have become very tall and dense, creating an abundance of shade. The azaleas will thrive in the shade and provide showy, bubblegum-pink blooms each spring.
- Staff completed installation of azaleas and perennials at Sandy Springs Middle School this past week as a component of our IGA. The front of the school had problems with soil washing onto the sidewalk every time it rained, so azaleas and mulch were added to correct the issue. There was also an abandoned garden box that was rebuilt, and a colorful mixture of perennials were planted to provide some color throughout the year (photos below).
- Staff installed a new water valve for the Ridgeview Park water fountain.
- Staff repaired four water fountains at Morgan Falls Athletic Complex.
