## ATTEST:

## EXECUTIVE SUMMARY

# SANDY SPRINGS <br> GEORGIA 

June 1, 2023

Dear Mayor and City Council,

The proposed Fiscal Year (FY) 2024 Budget is submitted to the Sandy Springs City Council in compliance with State Law (O.C.G.A. § 36-81-2 et seq.). This budget was developed based on the priorities adopted by City Council in February 2023, including Customer Service and Citizen Engagement, Public Safety, Transportation Accessibility and Community Appearance, Recreational and Cultural Enrichment, Sustainable Growth and Environmental Stewardship, Economic Development with a focus on Redevelopment, and Water Reliability.

The FY2024 Budget provides for the same millage rate of 4.731 mills as last year and maintains adequate reserves in the fund balance to ensure sound fiscal integrity of the City of Sandy Springs (City). The FY2024 Budget includes resources that will allow the City to provide a high level of public safety and general government services to the citizens of Sandy Springs. This proposed budget also provides capital funding to continue addressing a backlog of infrastructure needs.

The budget process included an assessment to determine the quality of services delivered and projected operational needs. The City Manager and Chief Financial Officer met with departments to assess projected goals and to discuss resources needed to meet these goals. Guidance and direction were also obtained through City Council Budget Workshops. During these Budget Workshops, Council received briefings about economic conditions and short-term economic outlook, budget planning assumptions, public safety needs, operating department requests for resources, and capital programs.

Public hearings are scheduled to gain citizen input and enable all members of the City Council to better understand the needs of the entire community prior to budget adoption. The final budget is scheduled to be adopted by the City Council on June 20, 2023.

The proposed budgets for all operating, capital, and special revenue funds total $\$ 1,042,438,156$. The City's General Fund provides for general government operations of the City and maintains adequate working capital necessary for the City's financial health and stability. This fund accounts for most of Sandy Springs' operations and has a budget of $\$ 141,204,831$. The remaining funds include Confiscated Assets, Emergency 911, Tree Fund, Impact Fee Fund, Community Development Block Grant Fund, Hotel/Motel Tax Fund, Rental Motor Vehicle Excise Tax Fund, TSPLOST (2016) Fund, TSPLOST (2021) Fund, Fleet Fund, Capital Projects Fund, Public Facilities Authority Fund, Performing Arts Center Fund, Stormwater Management Fund, and Development Authority Fund. The Capital Project Fund, Fleet Fund, Public Facilities Authority Fund, and the Stormwater Fund (all capital construction funds) adopt project budgets where the adopted appropriations do not lapse at the end of a fiscal year; they remain in effect until project completion or re-appropriation by City Council.

## SANDY SPRINGS <br> GEORGIA

The FY2024 General Fund Budget provides for $\$ 65,157,857$ for personnel and related benefits (46\%); $\$ 37,053,471(26 \%)$ for operations and equipment; $\$ 26,370,183(19 \%)$ for capital improvement programs; and $\$ 12,623,318(9 \%)$ towards debt service. All eligible City employees may receive a $6 \%$ salary increase and are eligible for an additional bonus based on job performance if they meet certain standards.

The City's goal is to adopt an operating budget where current revenues equal anticipated expenditures. All departments supported by the resources of the City must function within the limits of the financial resources identified or available specifically to them. Budgets cannot exceed available resources, defined as revenues generated in the current period added to balances carried forward from prior years.

The budget is a dynamic rather than static plan, which allows for adjustments and amendments as circumstances change. The City Council must approve all increases in total fund appropriations. Amounts in this budget may be reallocated within funds by approval of the City Manager as long as the total budgeted amounts do not exceed these appropriations by fund. Department Heads submit budget amendment requests transferring appropriations from one line item to another within the specific department appropriation with approval by the Chief Financial Officer and the City Manager.

Under the City's adopted financial policies, the City's fund balance is maintained at or above $\$ 29.6$ million, or $25 \%$ of budgeted revenues. The purpose of fund balance is to provide adequate cash flow, to cover the cost of expenditures caused by unforeseen emergencies, to cover shortfalls caused by revenue declines, and to eliminate any short-term borrowing for cash flow purposes.

The FY2024 Budget was developed with the following objectives:

- Continue to enhance Public Safety capabilities.
- Continue to be the local government employer of choice through competitive pay and benefits for all employees.
- Ensure financial stability.
- Address capital needs that exist citywide by investing in transportation, parks, and facilities.
- Continue to leverage the flexibility of the public private partnership model by scaling resources to meet projected demand for services.

The focus of the FY2024 Budget is to provide excellent services to our citizens and business customers and to continue to allocate significant resources dedicated to improving infrastructure and the City's quality of life.

## Confiscated Assets Fund

This fund is used to account for amounts seized by the police department from narcotics arrests in conjunction with other state and federal agencies. These funds are used by the police department to augment their general fund budget and can only be spent on law enforcement programs or activities.

## SANDY SPRINGS <br> GEORGIA

Generally, seizures can vary greatly from one year to the next and are not easily budgeted. However, using conservative figures for incoming funding plus the amounts that have remained unspent from previous years, the FY2024 budget has been set at $\$ 150,000$.

## E-911 Fund

This fund accounts for the revenues received from the 911 surcharge on telephone bills. The City participates in a joint venture with the City of Johns Creek for E-911 operations. All taxes collected in this fund are dedicated to a separate operating authority - the Chattahoochee River 911 Authority (ChatComm). The amount estimated for the FY2024 budget is $\$ 4,000,000$.

## Tree Fund

This fund accounts for revenues received from development that reduces tree canopy below mandated minimums. All revenues collected in this fund are used to enhance tree canopy on Right of Way and in public parks. The amount estimated to be spent for the FY2024 budget has been set at $\$ 808,669$.

## Impact Fee Fund

Impact fees are amounts assessed on construction development projects to offset the anticipated cost of additional infrastructure needed as a result of the new development. These funds, although collected in this fund, are dedicated to capital projects, which are accounted for in the Capital Projects Fund. The amount expected to be collected in the FY2024 budget is $\$ 1,430,000$.

## Community Development Block Grant (CDBG) Fund

The CDBG Fund is used to account for funds received through an entitlement award as a result of federal congressional appropriations. The City's adopted plan directs that the awards be used for construction of infrastructure (primarily sidewalks) in the City. The City previously participated in the Section 108 Loan program in order to advance larger projects. The Total FY2024 budget is $\$ 3,510,563$.

## Hotel/Motel Fund

The room taxes imposed upon hotels and motels located within the City are accounted for in this fund. A portion of these funds can be retained by the City and a portion is expended for a narrow range of projects and activities allowed by State Law (O.C.G.A. § 48-13-51). These funds are currently distributed as follows: the City General Fund - $28.56 \%$, the Sandy Springs Hospitality Board - $32.14 \%$, and the City General Fund for benefit of the City Springs Performing Arts Center - 39.30\%. The anticipated taxes budgeted for FY2024 is $\$ 4,600,000$.

## Rental Motor Vehicle Excise Tax Fund

SANDY SPRINGS
GEORGIA

The excise taxes levied upon each rental charge collected by any rental motor vehicle concern located within the City are accounted for in this fund (O.C.G.A. § 48-13-93). The anticipated taxes budgeted for FY2024 is $\$ 80,000$.

## TSPLOST (2016) Projects Fund

This fund accounts for all capital projects under the Transportation Special Purpose Local Option Sales Tax approved by referendum in November 2016. Funds are derived from the collections to be received through March 31, 2022. The appropriations in this fund do not lapse at year-end, but rather, unspent amounts are carried forward to future periods until the individual projects are completed. The total added funding for this fund in the FY2024 budget is $\$ 101,491,298$.

## TSPLOST (2021) Projects Fund

This fund accounts for all capital projects under the Transportation Special Purpose Local Option Sales Tax approved by referendum in November 2021. Funds are derived from the collections to be received through March 31, 2027. The appropriations in this fund do not lapse at year-end, but rather, unspent amounts are carried forward to future periods until the individual projects are completed. The total added funding for this fund in the FY2O24 budget is $\$ 120,105,913$.

## Capital Projects Fund

This fund accounts for all facilities, parks, and infrastructure construction in the City. Funds are derived from contributions from the General Fund as well as other grants and funding sources. The appropriations in this fund do not lapse at year-end, but rather, unspent amounts are carried forward to future periods until the individual projects are completed. The FY2024 budget for this fund is $\$ 74,256,000$, which includes carry forward amounts from prior fiscal years.

## Fleet Fund

This fund accounts for all capital purchases of vehicles. These funds are used to purchase vehicles used in the day-to-day business for Community Development, Fire Department, Police Department, Public Works Recreation and Parks as well as the electric vehicle fleet. The total funding for the Fleet Fund in the FY2024 budget Is \$2,362,043.

## Public Facilities Authority Fund

Fire Station \#5, additions to Fire Station \#3, Fleet Maintenance Center, and contingency. Funds are derived from contributions from the General Fund, bond proceeds, the sale of City assets, and other funding sources. The appropriations in this fund do not lapse at year-end, but rather, unspent amounts are carried forward to future periods. The current construction budget is $\$ 578,957,632$. The operations appropriations for the City Springs and other projects, which includes debt service related to the bond issuance for the projects, will continue once construction is complete. The total funding for debt service in the FY2024 budget is $\$ 12,623,318$.

## Performing Arts Center Fund

This fund is used to account for activities, staffing, and operations within the City Springs Performing Arts Center. These funds are currently used to operate the performing arts center and are estimated for the FY2024 budget at $\$ 8,214,647$.

## Stormwater Fund

This fund accounts for construction projects related to stormwater infrastructure improvements. Currently, the General Fund is the sole source of revenues for this fund. The FY2024 budget for this fund is $\$ 2,171,560$.

## Development Authority Fund

This fund accounts for revenues and expenditures related to ongoing development projects within the City. The FY2024 budget for this fund is $\$ 453,250$.

The City of Sandy Springs FY2024 Budget is the culmination of the City's Priority Driven Programming process that reflects Council's adopted priorities along with significant citizen engagement and feedback throughout the previous fiscal year. This budget provides the needed resources to provide services and projects that meet the needs of our citizens now and in the future.

Finally, our sincere appreciation should be expressed to the staff and department heads for the amount of work and effort expended in this process under tremendous time pressures.

## Respectfully Submitted,

## POLICIES AND PROCEDURES

## MISSION STATEMENT

The Sandy Springs Mayor and City Council are dedicated to providing exceptional customer service for our citizens and focusing our resources on Public Safety, Transportation Accessibility and Community Appearance, Recreational and Cultural Enrichment, Water Reliability, Sustainable Growth and Environmental Stewardship, and Economic Development with a Focus on Redevelopment.

## CITY OF SANDY SPRINGS GOALS

- Invest our resources to improve and maintain roads, bridges, sidewalks, traffic management, and stormwater infrastructure for the betterment of the community.
- Invest our resources to improve and expand our parks and recreation facilities for the enjoyment of the residents of Sandy Springs.

## INTRODUCTION <br> THE BUDGET BOOK

The presentation of the Budget includes both the FY24 adopted operating budget and the Five-Year Capital Improvement Program (CIP) Budget, which includes the approved FY24 CIP Budget. The Budget documents are available on the City's website at: www.sandyspringsga.gov/annual-budget.

The Budget includes technical information concerning each departments' operating expenditures and estimated revenues and expenses for the City as a whole. The Budget schedules include detailed information on personnel, revenue estimates, and proposed expenditures for the governmental fund, the enterprise fund, and other special revenue funds.

## THE BUDGET PROCESS

Since the City's incorporation in 2005, it has been our chief goal to provide the citizens of Sandy Springs with quality services and valuable information. To establish the annual budget, the City Manager's Office, Finance Department, and the City's operating departments collectively participate to develop and propose an effective budget for FY2O24.

Each department received a budget preparation package to assist in completing the preliminary proposed budget phase. This preparation included training on the City's Enterprise Resource Planning (ERP) system to assist in understanding the current year's data and how to utilize for projecting budget information in the next fiscal year. Additionally, training on the new budget tool was provided to each department Director and staff participating in the budget process.

The Annual Budget is the fiscal plan that represents the services that are provided to the community and the funds necessary to support these services. Our budget serves as a crucial tool for financial reporting and decision-making, allowing the City to allocate resources efficiently and address the needs of the community effectively. The type of services and the level of services are defined using program objectives, which are further defined by performance measures. The City Manager is responsible for formulating the fiscal plan and presenting to Mayor and City Council for approval and adoption.

Public meetings are held throughout the budget process and are an essential part of the budget process as these are designed to solicit feedback from the public on the proposed budget for operations and services. In order to continue the City's efforts to apprise the public of city activities, the adopted 2024 budget is made available for review by all interested parties at the City Clerk's office and on the City's website.

## BASIS OF PRESENTATION

The City's annual budget is prepared on a modified accrual basis of accounting. Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period.

Property taxes, franchise taxes, licenses, intergovernmental revenue, special assessments, charges for services, and interest associated with the current fiscal period are all considered to be susceptible to accrual, and so have been recognized as revenues of the current fiscal period. All other revenue items are considered measurable and available only when cash is received by the government.

Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Budgets are modified throughout the year when changes in revenue are experienced, fees are modified, new revenue sources are identified, or programs are changed. The City Manager is authorized to administratively amend the budget during the year for transactions less than $\$ 150,000$ within the same fund without Council approval. All other appropriation adjustments during the year require Council approval including transactions which cross funds. Unencumbered annual budget appropriations lapse at fiscal year-end except as specifically identified in the annual budget resolution. Multi-year budget appropriations are automatically carried over into the next fiscal year.

## FUND STRUCTURE

The City uses fund accounting to assure and demonstrate compliance with finance-related legal requirements. A fund is defined as a separate accounting entity with a self-balancing set of accounts recording cash and other financial resources together with related liabilities. Each fund was established for the purpose of accounting for specific activities in accordance with applicable regulations, restrictions, or limitations. The City's financial activities are captured in the governmental fund:

- Governmental Funds account for activities which are primarily supported by taxes or other mandatory payments. Most of the City's basic services are included in governmental funds.
- The General Fund is the operating fund of the City and accounts for all financial resources except for those that are required to be accounted for in separate funds. Sources of General Fund revenues include taxes, licenses, permits, fees, fines, intergovernmental revenues, and charges for services, special assessments, interest income, and other resources available for discretionary funding.

Other Governmental funds include:

- Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. These funds are generally required by statute, charter, or ordinance to finance specific governmental functions.
- Debt Service Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest, or that are being accumulated for principal and interest maturing in future years.
- Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for governmental capital assets.

Annual budgets are adopted for the governmental funds, special revenue funds, debt service and capital project funds. Expenditures are appropriated on a modified accrual basis, except the commitments related to purchase orders and contracts are treated as expenditures in the year of commitment.

## UNDERSTANDING THE BUDGET DOCUMENT

The budget for each department is presented in a format that includes the following:

## Revenue

- A General Fund Summary of Revenue categorized by activity.
- An employee headcount comparison summary for year-over-year data.
- General Fund detail to provide a more in-depth view into the makeup of the revenues by category.

## Expenditures

- Department name and department number
- A department level budget summary table showing for:
- FY2021 Actuals
- FY2022 Actuals
- FY2023 Approved/Adopted Budget.
- FY2O23 Revised/Amended Budget (as of March 31, 2023)
- FY2023 Projected Budget
- FY2024 Approved/Adopted Budget
- Changes from 2023 revised budget compared to the approved/adopted budget
- Percentage of change in approved budget vs. prior year amended/revised budget
- An employee headcount comparison summary for year-over-year data

The Budget for each department is compared with the prior year amended. A sample is as follows:

There is no requirement that the City's budget is prepared consistent with Generally Accepting Accounting Principles (GAAP). However, the comparison of the (adopted) budget to actual revenues and expenditures in a subsequent Annual Comprehensive Financial Report (ACFR) requires a reconciliation of the budget to GAAP. Therefore, the City's budget is prepared, for the most part, to be consistent with GAAP to minimize the degree of reconciliation needed to compare the budget to actual. How the budget is prepared is labeled either the "basis of budgeting" or the "budgetary basis of accounting", these terms can be used interchangeably. Several key differences should be disclosed to assist in reconciling between the basis of budgeting used to develop the City's budget documents and the basis of account that is reflected in the City's ACFR prepared by the Finance department.

Under GASB 34, the ACFR reflects both he adopted budget and the final revised budget which includes amendments that occur after the completion of the fiscal year as final transactions are posted to the fiscal year on a modified accrual or accrual accounting basis. These final amendments reflect proper recording of financial activity rather than a change in management plan. Budget documents, therefore, typically disclose historical actuals, both actual revenues and other sources and actual expenditures and other uses rather than revised budgets that may not truly reflect the management plan. The budget presents organizational summaries without differentiating the level of control the City Council may exercise over individual organizations.

From time to time, new financial reporting requirements may be imposed on governments by the Governmental Accounting Standards Board (GASB) which redefines what is referred to as GAAP. The accounting/reporting changes may not be reflected in the budget, resulting in a greater difference between the budget and what is ultimately reported in the ACFR.

## HISTORY OF SANDY SPRINGS

The area north of Atlanta, Georgia, known as Sandy Springs, was named for actual springs currently protected for historical significance. The region known as Sandy Springs dates to 400 A.D. and developed as a crossroads of the Itawa/Hightower/Shallowford Trail and another unnamed trail that followed the route of present-day Mount Paran Road and Glenridge Drive. This area was initially traveled by buffalo, Native Americans, and then British traders later becoming a major migration trail for Colonial Europeans. The freshwater springs which bubbled from the sandy ground and sustained life for the earliest inhabitants are today located on Sandy Springs Circle.

The City of Sandy Springs is one of the newest cities in the State of Georgia and operates in a CouncilManager form of government. Incorporated on December 1, 2005, after a 30-year struggle, the City has made dramatic strides in providing effective and efficient services to residents. Efforts to incorporate the City of Sandy Springs began in 1966 in response to an attempt to annex the land that is now Sandy Springs into the City of Atlanta. At that time, residents in Sandy Springs relied upon a large, unwieldy county government for the provision of services, which were often non-existent. Sandy Springs continued to operate as an unincorporated area of Fulton County until June 2005, when an
overwhelming 94\% of residents voted for incorporation. In November 2005, Eva Galambos was easily elected to be the first Mayor of the new City of Sandy Springs.

Sandy Springs is a demographically diverse community and covers a 38 -square-mile area in north Fulton County, Georgia. Sandy Springs is the second-largest city in the metropolitan Atlanta area and is the seventh-largest city in the State of Georgia. The City is home to more than $40 \%$ of the available hospital beds in the metropolitan Atlanta area and is proud to be the home of Northside Hospital, Saint Joseph's Hospital, and Children's Healthcare of Atlanta.

According to the 2020 U.S. Census, the population in Sandy Springs is 108,080. The City's daytime population swells to more than 200,000 due to the heavy concentration of corporations and businesses which are located within the City. Of the Fortune 500 companies headquartered in the metro area, six are located within Sandy Springs, and two Fortune 1000 companies are located here: United Parcel Service (UPS) (37), WestRock (183), Newell Brands (408), Intercontinental Exchange (401), Graphic Packaging Holding (409), Veritiv (503), Americold Realty Trust (904), and Beazer Homes USA (992).

## GLOSSARY OF TERMS

## SANDY SPRINGS

GEORGIA

Accounting Period: A period at the end of which and for which financial statements are prepared.

Accrual Basis: The basis of accounting under which transactions are recognized when they are earned or occur, regardless of the timing of related cash receipts and disbursements.

Americans with Disabilities Act (ADA): Federal mandate requiring the removal of physical barriers and the addition of improvements to ensure that all physically challenged individuals have equal access to government programs, services and buildings.

Adopted Budget: Appropriation of funds approved by the City Council at the beginning of each fiscal year.

Allocation: A sum of money set aside for a specific purpose.
Annual Budget: A budget applicable to a single fiscal year.
Annual Comprehensive Financial Report (ACFR): A report compiled annually that provides detailed information on an organization's financial status.

Appropriation: A legal authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. An appropriation is usually limited in amount and as to the time when it may be used.

ARC: Atlanta Regional Commission - the regional planning and intergovernmental coordination agency for the ten-county Atlanta metropolitan area.

Assessed Value: A valuation set upon real assets or other property by a government as a basis for levying taxes.

Assessment: The process of making the official valuation of property for the purposes of taxation.

Assets: Resources owned or held by the City that have monetary value.
Bond Rating: A system of appraising and rating the investment value of individual bond issues.

Budget: A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. Used without any modifier, the term usually indicates a financial plan for a single year. It is usually necessary to specify whether the budget under consideration is preliminary and tentative or whether it has been approved by the appropriating body.

Budget Amendment: A change in an amount in any budget line during the fiscal year.
Budget Calendar: The schedule of key dates that the City follows in the preparation, adoption and administration of the budget.

Budget Document: The instrument used by the budget-making authority to present a comprehensive financial program to the appropriating body. The budget document usually consists of two parts. The first part contains a message from the budget-making authority, together with a summary of proposed expenditures and the means of financing them. The second consists of schedules supporting the summary. These schedules show in detail the information as to the past years actual revenues, expenditures and other data used in making the estimates. In addition to the budget document, an appropriation ordinance will be necessary to put the budget into effect.

Budget Message: A general discussion of the proposed budget presented in writing to the budget-making authority to the legislative body. The budget message should contain an explanation of the principal budget items, an outline of the City experience during the past period and its financial status at the time of the message, and recommendations regarding the financial policy for the coming period.

Budget Resolution or Ordinance: The official enactment by the City Council authorizing the appropriation of revenues for specified purposes, functions, or activities during the fiscal year.

Budgetary Accounts: Accounts used to enter the formally adopted annual operating budget into the general ledger as part of the management control technique of formal budgetary integration.

Budgetary Control: The control or management of the City in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues.

Capital Assets: Property and equipment with a unit value of \$10,000 or more an estimated useful life of three years or more. Capital Assets can also be referred to as Fixed Assets.

Capital Budget: A financial plan of proposed capital expenditures and the means of financing them.

## SANDY SPRINGS

GEORGIA

Capital Contingency: A governmental account used to account for the financial resources used for the acquisition and construction of major capital items and facilities.

Capital Improvement Program (CIP): A plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs arising from the long-term work program or otherwise. It sets forth each project or other contemplated expenditure in which the City is to have a part and specifies the full resources estimated to be available to finance the projected expenditures.

Capital Outlay: An expenditure for the acquisition of, or addition to, a fixed asset.
Capital Projects Fund: A fund created to account for financial resources to be used for the acquisition or construction of major capital facilities.

Cash Flow: A schedule reflecting projected cash receipts and disbursements to aid in determining seasonal and long-term borrowing needs and investment policy.

Continuing Appropriations: An appropriation that once established is automatically renewed without further legislative action, period after period, until altered, revoked or expended.

Debt Limit: The maximum amount of gross or net debt that is legally permitted.
Debt Service: Expenditure providing for the repayment of principal and interest on City longterm obligations.

Depreciation: Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy or obsolescence.

Deficit: The excess of expenditures over revenues during an accounting period.
Disbursement: Funds paid out for goods or services received which results in a decrease in net financial resources; also referred to as an expenditure.

Double Entry: A system of bookkeeping that requires an entry to the debit side of an account or accounts for the corresponding amount or amounts of the entry to the credit side of another account or accounts.

Emergency Services: A division of the General Fund to account for the operation of the City ambulance service and contributions to the City Emergency 911 system.

## SANDY SPRINGS

georgia

Encumbrance: Commitments for unperformed contracts for goods or services.
Enterprise Fund: A fund established to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs of providing goods or services to the public on a continuing basis be financed or recovered primarily through user charges.

Expenditures: Decreases in net current assets. Expenditures include debt service, capital outlays, and those current-operating costs that require the use of current assets. The difference between expenditure and an expense is a difference in what is being measured. Expenditures measure current outlays, while expenses measure total costs.

Expenses: Decreases in net total assets. Expenses represent the total cost of operations during a period regardless of the timing of the related expenditures.

Fines and Forfeitures: Revenue received from bond forfeitures and authorized fines such as traffic violation fines.

Fiscal Year: A 12-month period to which the annual operating budget applies and at the end of which the City determines its financial position and results of its operations. The City's fiscal year begins on July 1 and ends on June 30.

Fixed Assets: Assets that are intended to be held or used for a long term, such as land, buildings, improvements, machinery and equipment. In common usage, the term refers only to operating facilities and equipment, not to long-term investments and other non-current assets.

Fringe Benefits: Payments made by the City to cover pensions, health insurance, life insurance, Medicare tax, worker's compensation and other benefits to City employees.

Fund: A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

Fund Balance: The fund equity of the City's governmental funds and trust funds.
Generally Accepted Accounting Principles (GAAP): Uniform minimum standards and guidelines for financial accounting and reporting. They govern the form and content of

## SANDY SPRINGS

georgia
financial statements of an entity. GAAP encompass the conventions, rules and procedures necessary to define accepted accounting practice at a particular time. They include not only broad guidelines of general application, but also detailed practices and procedures. GAAP provide a standard by which to measure financial presentations. The primary authoritative body on the application of GAAP to state and local governments is the Governmental Accounting Standards Board (GASB).

Governmental Account Standards Board (GASB): The authoritative accounting and financial reporting standard-setting body for government entities.

GASB 34: Passed by the Governmental Standard's Board in June 1999, this statement establishes a new framework for the financial reports of state and local governments. This new financial reporting model represents the biggest single change in the history of governmental accounting and financial reporting.

General Fund: The fund used to account for all financial resources except those required to be accounted for in another fund.

General Obligation Bonds: Method of raising funds for long-term capital financing. The State of Georgia requires approval by referendum and the debt ceiling is ten percent of the assessed value of all taxable property.

General Property Taxes: Taxes levied on all property located in or owned by the citizens of the City.

Goals: Broad aims of the City and/or departments toward which programs, projects and services are directed.

Governmental Fund Types: Funds used to account for the acquisition, use and balances of expendable financial resources and the related current liabilities - except those accounted for in proprietary funds and fiduciary funds. The measurement focus in these fund types is on the determination of financial position rather than on net income determination. Under current GAAP, there are four governmental fund types: general, special revenue, debt service and capital projects.

Grants: External contributions or gifts of cash or other assets to be used or expended for a specified purpose, activity, or facility.

## SANDY SPRINGS

GEORGIA

Homestead Exemption: A tax relief whereby state law permits local governments to exempt a fixed dollar amount of the appraised value of the qualifying residential property from taxation.

Infrastructure: The basic facilities, equipment, and installations needed for the function of a system or organization (e.g. roads, bridges, water/sewer lines, public buildings).

Insurance Premium Tax: A tax on insurance to finance various departments of the General Fund.

Intangible Property: A category of personal property that includes stocks, taxable bonds and cash.

Interfund Transfers: Interfund transfers are a type of interfund transaction. There are two types of interfund transfers: Residual Equity Transfers and Operating Transfers. Both types involve the permanent movement of resources between funds. For any one transaction, the transfer-in and the transfer-out must be classified in the same way, so that the total operating transfers-in for the entire city equal the total transfers-out and the total residual equity transfers-in equal the total residual equity transfers-out.

Intergovernmental Revenues: Revenues from other governments in the form of grants, entitlements, shared revenues, or payments in lieu of taxes.

Internal Service Fund: A proprietary fund used to account for the financing of goods or services provided by one department or agency to other departments or agencies of a government, or to other governments, on a cost-reimbursement basis.

LARP: Landscape Architecture and Regional Planning
LGIP: Local Government Investment Pool.
Liabilities: Debt or other legal obligations arising out of transactions in the past that must be liquidated, renewed or refunded at some future date. This term does not include encumbrances.

Licenses \& Permits: Fees collected for the issuance of licenses and permits such as business licenses, building and sign permits.

## SANDY SPRINGS

georgia

Local Option Sales Tax (LOST): A sales tax imposed in the city for a predetermined period. A LOST must be approved by the citizens of the city through a majority vote.

Long-Term Debt: Debt with a maturity of more than one year after the date of issuance.
Millage Rate: The property tax rate which is set by the City Council.
Miscellaneous Revenue: All revenue received not otherwise classified into line item.
Mission Statement: Statement of what the City does and why and for whom it does it. A statement of purpose. Also applies to departments within the City.

Modified Accrual Basis: The accrual basis of accounting adapted to the governmental fund type spending measurement focus. Under it, revenues are recognized when they become both measurable and available to finance expenditures of the current period. Expenditures are recognized when the related fund liability in incurred except for: (1) prepaid insurance and similar items which need not be reported; (2) accumulated unpaid vacation, sick pay, and other employee benefit amounts which need not be recognized in the current period, but for which larger-than-normal accumulations must be disclosed in the notes to the financial statements; and (3) principal and interest on long-term debt which are generally recognized when due. All governmental funds and expendable trust funds are accounted for using the modified accrual basis of accounting.

Motor Vehicle Tax: Taxes levied on vehicles designed primarily for use upon public roads.
Official Code of Georgia Annotated (OCGA): Georgia Law as enacted by the Georgia Legislature.

Open Records Act: A legislative act that authorizes public access to certain records classified as public information.

Operating Budget: The portion of the City budget pertaining to daily operations that provide basic services. The operating budget contains appropriations for such expenditures as salaries, fringe benefits, commodities, goods and services.

Operating Expenditures: Costs associated with the non-capitalized materials and services required in the daily operation of service delivery such as office supplies, maintenance supplies, professional services, and rental fees.

## SANDY SPRINGS

GEORGIA

Operating Services: Expenditures for goods and services that primarily benefit the current period and are not defined as capital or personal services.

Operating Transfers: Interfund transfers that are often the interfund equivalent of operating subsidies. As such, their purpose is to support the normal level of operations in the recipient fund.
Ordinance: See "Budget Resolution or Ordinance"
Other Financing Sources: Non-operating revenue received used to assist with city operations such as insurance recoveries, gift/donations, and the sale of surplus fixed assets.

Other Taxes: Taxes collected as authorized by Georgia Law or City Ordinance such as sales tax, alcohol tax, and hotel-motel tax.

Penalties \& Interest: Fees collected for violations or delinquent payments.
Personal Property: Mobile property not attached to real estate, including tangible property (furniture, equipment, inventory, and vehicles) and intangible property (stocks, taxable bonds, and cash).

Personal Services: Expenses for salaries, wages, overtime, standby pay, worker's compensation, health/life insurance, and retirement employee benefits.

Proprietary Fund Types: Sometimes referred to as income determination or commercial-type funds, the classification is used to account for a government's ongoing organizations and activities that are similar to those often in the private sector.

Real Property: Immobile property such as land, natural resources above and below the ground, and fixed improvements to land.

Reserves: Appropriations of funds set aside to cover unanticipated or contingent expenses, shortfalls in revenues and special trusts.

Residual Equity Transfers: Interfund transfers which are nonrecurring or non-routine transfers of equity between funds.

Resolution: See "Budget Resolution or Ordinance"

## SANDY SPRINGS

GEORGIA

Revenues: (1) Increases in governmental fund type net current assets other than expenditure refunds and residual equity transfers. (2) Increases in proprietary fund type net total assets from sources other than expense refunds, capital contributions, and residual equity transfers.

Request for Proposal (RFP): Document requesting vendors to respond with a proposal for a specific project or service outlined in the request.

Special Revenue Fund: A fund used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for a specific purpose.

Tangible Property: Category of personal property that has physical form and substance such as furniture, equipment, and inventory.

Tax Digest: A listing of property owners within the city, an assessed value for each property, and the amount of taxes due on that property.

Tax Exemption: Immunity from the obligation of paying taxes in whole or in part.
Taxes: Compulsory charges levied by a government for the purpose of financing services performed for the common benefit. This term does not include specific charges made against particular persons or property for assessments. Neither does the term include charges for services rendered only to those who pay, for example, sewer service charges.

Transportation Special Purpose Local Option Sales Tax (TSPLOST): A sales tax imposed in the city for a predetermined period, specifically used for transportation projects. TSPLOST must be approved by the citizens of the city through a majority vote.

Unencumbered Appropriation: That portion of an appropriation not yet expended or encumbered.

## FY 2024 Budget Calendar

| Date | Item |
| :--- | :--- |
| April | Departmental Budget Meetings / Finance Review Phase |
| April - May | Senior Management / Mayor Review Phase |
| May 2 | Budget Workshop 1 |
| May 16 | Budget Workshop 2 |
| May 23 | City Council Proposed Budget Presentation |
| June 6, 6:00 PM | First Public Hearing and Budget Workshop 3 |
| June 20, 6:00 PM | Final Public Hearing and Budget Adoption |

## Workshop Goals

- Receive feedback and direction from City Council as we develop the FY 2024 Budget
- Review and validate FY 2024 budget planning assumptions
- Understand Public Safety, General Government Services, and Facilities priorities as part of the City's service delivery and capital programs

## Budget Principles

- Conservatively determine revenue and expenses
- Solid estimating effectively neutralizes pressures to inflate revenue estimates to cope with budgeting pressures
- Do not use one-time revenue sources for ongoing expenses
- When a non-recurring source of revenue is used to fund an ongoing expense, an "automatic unfunded increase" is built into the budget for the following year

## Budget Principles

- Conservatively determine revenue and expenses
- Solid estimating effectively neutralizes pressures to inflate revenue estimates to cope with budgeting pressures
- Do not use on-time revenue sources for ongoing expenses
- When a non-recurring source of revenue is used to fun an ongoing expense, an "automatic unfunded increase" is built into the budget for the following year.
