- Conditional offer prepared for 2 firefighter applicants

SIGNIFICANT INCIDENTS

Fire units responded to the following incidents:

- A reported structure fire in an apartment complex in the 1100 block of Hammond Drive with a resident trapped on the fourth-floor balcony. The resident was located and escorted out of the apartment. A stacked washer and dryer was found within a closet near the front door with a single sprinkler head that had already extinguished the fire on the exterior of the dryer. Personnel used water to extinguish the remaining burning material.
- A reported commercial structure fire alarm in the 700 block of Hammond Drive. Upon arrival, light hovering smoke was found in the building's lobby, with heavier smoke and a plastic smell in the gift shop. The source of the smoke came from a microwave and portable stove, which were removed. Once all the smoke was cleared, the building fire alarm system was reset to normal operating function.
- A reported structure fire in the 8600 block of Hope Mews Court. There was no evidence of fire or smoke from the exterior of the two-story townhome, though the homeowner advised there was a fire in the master bathroom. A fire damaged ventilation fan was located in the bathroom that appeared to be extinguished prior to arrival. Power was shut down to the affected area and a small amount of water was used as a precaution.
