OPENGOV: THE CITY'S NEW ONLINE PERMITTING PORTAL

The transition will require a significant amount of time to migrate the data and files into the new system.

For existing or active permits

The permitting portal will be down for existing and active permits beginning on Friday, June 28, reopening on Monday, July 8. All online and in-person permitting transactions, including scheduling of inspections, Certificates of Occupancy or Completion, payments for permitting, and Plan Reviews will be unavailable during this time.

For new permits

Because new permit submittals will not require migration and mapping of new data, the OpenGov portal will be available to accept all new permit types beginning on Wednesday, July 3.

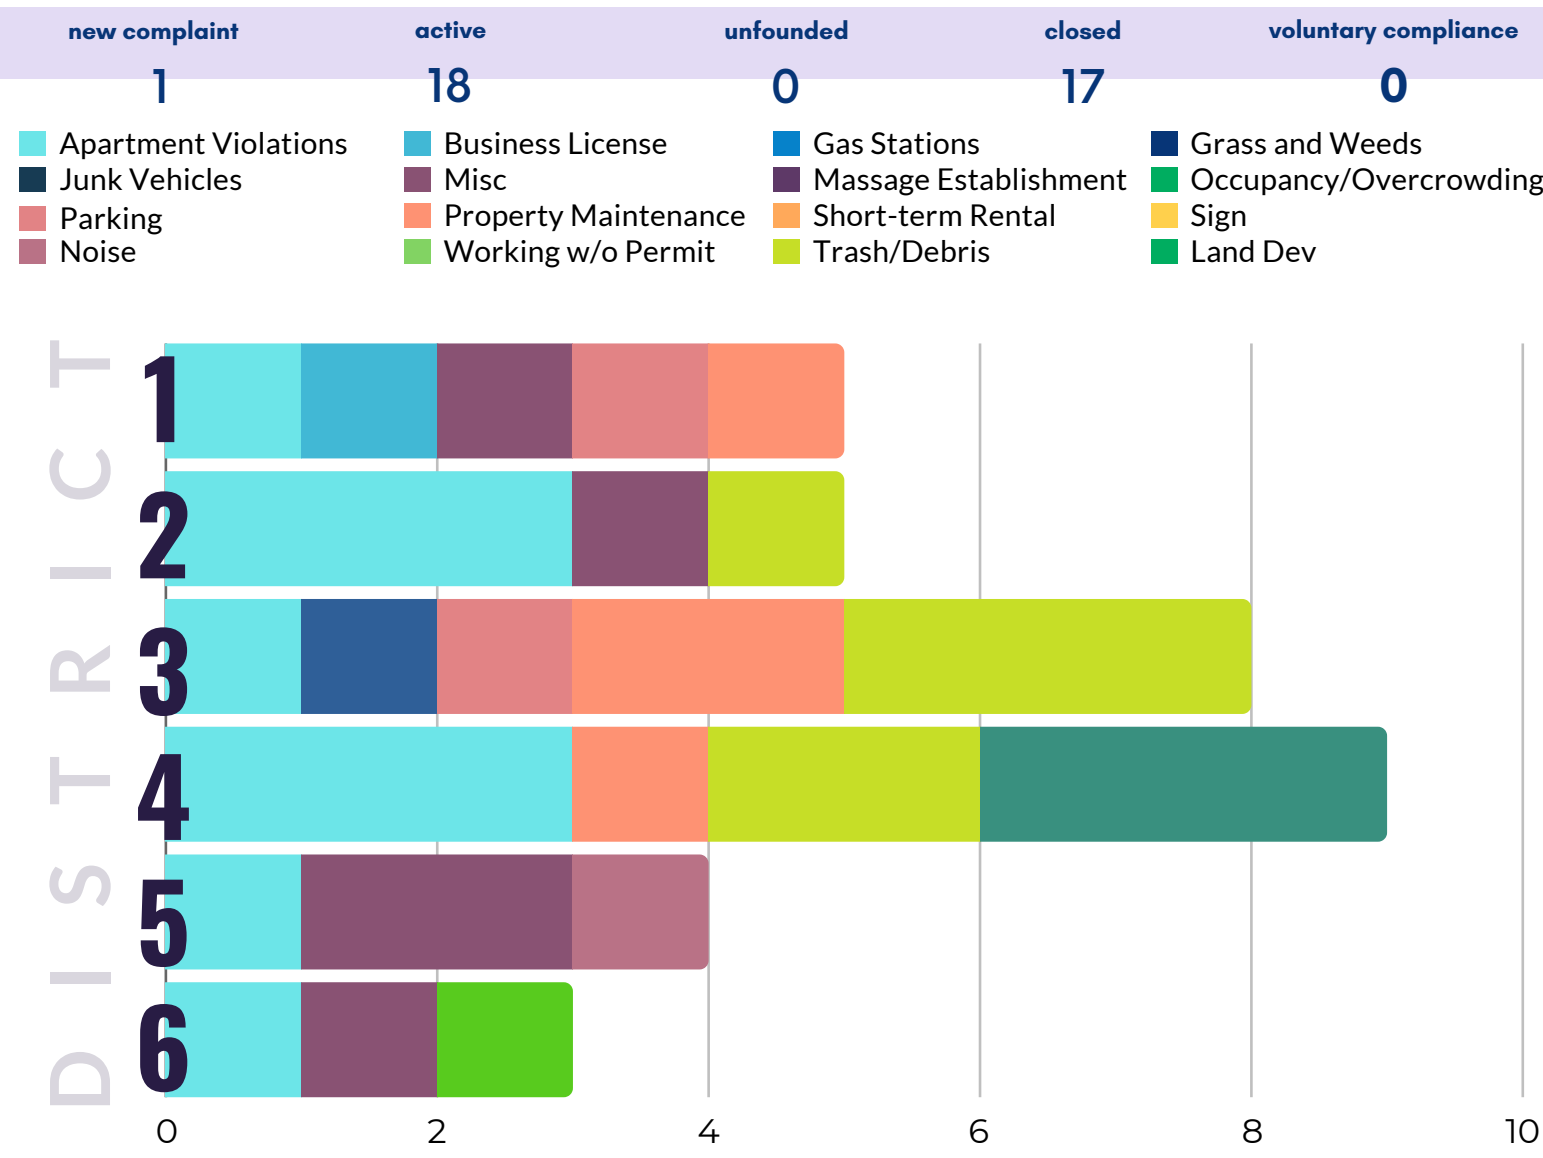

The Community Development office will still be open to handle inquiries, manually schedule inspections, conduct meetings, accept information regarding Planning and Zoning and Special Event Applications, and other matters. There will be no interruptions to Code Enforcement activities, inspections or investigations.

We are offering webinars

Join us in person at City Hall or virtually on June 25 and July 23 for webinars to help navigate the new system. Registration is required. The webinars will be recorded and made available on the website for on-demand viewing. Visit sandyspringsga.gov for more information or to register for the webinars.

MORGAN FALLS ATHLETIC COMPLEX PHASE III

- No significant changes: Hydrologic modeling continues and will complete this month.

ABERNATHY GREENWAY SOUTH IMPROVEMENTS

- No significant changes: Construction documents are in progress. Hydrologic modeling work continues.

OLD RIVERSIDE PARK DEVELOPMENT

- No significant changes: Construction documents are 70% complete.

MAINTENANCE/LANDSCAPING

- Staff installed nine new Avive AEDs at the Abernathy Art Center, Hammond Activity Building, Hammond Gymnastics Building and Abernathy Greenway park locations. The AEDs were provided by the Fire Department.
- Staff are expanding and grading the Morgan Falls Park parking lot for boat trailer parking. This added two parking spots for boat trailers at Morgan Falls Dam. Boulders were placed along the edge to define the area, and 30 tons of gravel was used to create the parking spots. This will help alleviate people with boat trailers from blocking spots used for single automobiles.
- A handrail was replaced at Hammond Park.

PAST PROGRAMMING
