## **North Springs MARTA Corridor Study Community Input Meeting**

November 18, 2024

Welcome to the North Springs MARTA Corridor Study Community Input Meeting.

The North Springs MARTA Corridor Study is a strategic project, aiming to make the station a more walkable destination by improving multimodal safety and comfort and Peachtree Dunwoody Road; identifying a preferred route to extend the PATH 400 trail north to the station area; enhancing walker and biking access to the station; finding opportunities for placemaking at the station; and creating a concept for transit-oriented development to the North Springs MARTA Station Property.

We invite you to review the proposed improvements and provide your feedback
