Transportation Master Plan Public Open House

February 24, 2026

Welcome to the Transportation Master Plan Public Open House.

This Transportation Master Plan (TMP) identifies transportation needs in the City and develops a program of projects and strategies that are intended to improve the safety and operations of the transportation system. It was adopted in April 2021. The process is now underway to update the City's existing Transportation Master Plan.

We invite you to review the information and provide your feedback. An online survey is now available for input and will remain open until March 12, 2026. Public input will help prioritize projects for the 2026 Transportation Special Purpose Local Option Sales Tax (TSPLOST) referendum.

To complete the survey, please visit spr.gs/tmp or scan the QR code:
